WHAT IS THE TDP-O?

- It is the TRICARE Dental Plan – OCONUS
- It is similar to the CONUS TDP, but with key differences
 - Plan use must be coordinated through the local military dental clinic with a Non-Availability Referral Form (NARF)
 - Approved providers must be used
 - Payment is due when care is provided and enrollee receives reimbursement
 - Patients have smaller or no co-pays
- A NARF is required for you to receive reimbursement through the TDP-O.
- Contact a TRICARE Representative before attempting to use the TDP-O to ensure eligibility and for an explanation on filing claims.
